<b>LARGE STOCK RANGE</b>	As the largest stockist of <b>TATA</b> hot formed hollow section in the UK, we can offer the benefits of Tata's 2T max corner radius. This enables our customers to save time and money when welding into a much tighter corner radii than the normal standard 3T.
<b>HIGH PERFORMANCE PRODUCTS</b>	Our hot formed hollow section is fully stressed relieved with uniform mechanical properties. This means no distortion when heated due to the release of manufacturing stresses. This results in a product that has high formability, making it easy to manipulate and fabricate, giving you the confidence it will perform in the same reliable way time and time again.
<b>EFFICIENT CONSTRUCTION</b>	Hot formed hollow sections strength and high load carrying capability enables you to design in section sizes which are smaller and thinner. This results in lighter structures and reduced costs.
